(Teddy and his friends, Zac and Cody, are making plans for the coming summer vacation.)
Teddy: It’s getting hotter and hotter these days. And I don’t want to stay home. Let’s go somewhere to have fun.
Zac: There’s a new swimming pool between the steak house and 7-11. We can go swimming there.
Cody: The river water is cooler than the pool water. And the air there is fresher. I think it’s better to have fun in the river. We can go to the river.
Teddy: But it’s not as safe as having fun in the pool. You know, there’s always a lifeguard at the pool, but there isn’t any at the river.
Zac: Teddy’s right. Besides, the river is also deeper than the pool. It can be very dangerous for us.

Cody: OK. Maybe we can go on a picnic by the river some day.
After all, the view is more beautiful there.

Dear Diary, June 21st, 2020
Today was the World Giraffe Day. Kai and I decided to celebrate the special day in the zoo. Before we saw these beautiful long-neck animals, I knew the number of them is decreasing because they were losing their home. In the 1980s, there were more than 155,000 giraffes in Africa, but there are now about 68,000 in the wild. I was worried about that. Today Kai and I learned a lot in the zoo and we decided to care more about giraffes and speak for them.

✧ **Facts about giraffes:**

- Giraffes spend most of their time eating every day. They can eat as much as an elephant.*
- Although giraffes eat many plants every day, they don’t drink much water.*
- Giraffes don’t sleep a lot. They only need 5 to 30 minutes of sleep a day.*
- Giraffes run very fast. They can run as fast as 30 miles an hour.*

wild 野生的; foundation 基金會; fact 事實; mile 英里

44. Which chart means “decreasing”? chart 圖表

45. What do we learn from the reading?
- (A) Giraffes can drink as much as an elephant.
(B) Giraffes spend most of time sleeping every day.
(C) Giraffes can run faster than any other animal.
(D) Giraffes eats a lot of plants .
